EMERGENCY NOTICE AND SUPPLEMENTAL EVIDENCE IN SUPPORT OF JOINT REQUEST FOR INVESTIGATION

Dear Hon. Karim A.A. Khan:

Re. Joint Request for Investigation (United Kingdom (143/21), Slovakia (133/21), France (271/21) and the Czech Republic (326/21))

On September 20, 2021 'We for Humanity' appealed to you in support of the above-referenced joint international 'Request for Investigation' submitted in effort to stop the ongoing crimes against humanity arising from the COVID-19 "pandemic". More than two months have passed since then and we still have not received any reply. More than six months have passed since you received the United Kingdom's Request, and yet there is still no indication that your Office intends to investigate. Meanwhile, more children are being murdered and childhood injuries continue to mount with each passing day. And more died following "vaccination" than from the virus.

We are aware of the myriad of complaints on your table. Therefore, we shall refrain from repeating the well-known facts and simply summarize them in an effort to **appeal to your humanity and goodness, and appeal to you as a son, father and fellow human being**. To assist your investigation, we can provide additional supporting evidence upon request.

Never before in the history of mankind has there been a criminal conspiracy of this magnitude. Never before have so many governments conspired against their own people. Never before have so many schools, universities, media companies, judiciaries, legislative bodies, journalists, doctors and scientists been so beholden to the interests of a handful of wealthy psychopaths. Never before have so many governments entered billion-dollar drug contracts in lockstep with multinational pharmaceutical companies to experiment on citizens like lab rats without informed consent - from helpless elderly people to innocent young children.

"We're never gonna learn about how safe the vaccine is until we start giving it. That's just the way it goes," said FDA committee member Dr. Eric Rubin before authorization the COVID-19 drug Corminaty to be injected into the blood of healthy children as young as five (5) years old.

Your investigation will reveal that the entire "pandemic" is based on a test whose intrinsic genius is to multiply as needed a meaningless genetic fragment into a measurable substance. In other words, the entire world population has been put into paralyzing fear for almost two years with a tool that can produce positive test results at will and does so in over 95% without any actual disease ever being present.

Just as the definition of "pandemic" was changed to facilitate this global coup d'etat, an experimental gene-based drug therapy was also conveniently relabeled as a "vaccine". As Management Board member of

Bayer AG Stefan Oelrich said in October 2021 "*Ultimately, RNA vaccines are an example of this cell and gene therapy*".

People frightened by the fraudulent test results were further deceived by the use of the term "vaccination" into believing that the injections were something safe and conventional. Yet, in just the first three months of the COVID-19 "inoculation" campaign, several times more people died from the consequences of the gene-based "vaccine" than from all other vaccinations combined over the last 20 years. In fact, available data reveals, conservatively, more than five times more people are dying from these injections than from the deadly small pox vaccine, the deadliest vaccine in history until now.

By strategically utilizing the media for its psychological warfare propaganda campaign, the culpable psychopaths have kept the majority of people fooled into believing gene-based injections are safe and effective when they are anything but. Many competitive athletes, soldiers and officers who used to have favorable weekly health checks are now sick, crippled or dead. Many people harmed by the "vaccination" are committing suicide in record numbers likely because they can receive no relief, no compensation, and because they are wrongly dismissed by doctors and ridiculed or insulted by the corrupt media to boot. Those who have already suffered damage after the first injection are mercilessly pushed to endure the second dose. "No jab, no job!" say many employers instrumentalized by politicians and pharma lobbyists. The inhumanity is palpable.

And now comes the Halachic Court which has decreed that the experimental injections pose profound dangers and inherent harm to humanity (see, Attachment). The Court especially noted the likely harm to children, procreation and fertility as well as the increased risk of cancer. The decision was made after hearing eight hours of testimony from expert witnesses, scientists and doctors, including Dr. Robert Malone, an inventor and architect of the very mRNA technology used in many of the COVID-19 gene-based "vaccines".

As you surely know, 'Halachic' stands for the legal part of the Old Testament, the principles of right and wrong that have worked for mankind for over 5,000 years, and upon which some of our most fundamental legal concepts are based. The most recent scientific facts, first-hand testimonies of injured people as well as undeniable proofs of fraud, criminal conspiracy and malice on the part of governments, authorities and, above all, lobbyists build the grounds for the Court's ruling. It's all in there, Hon. Mr. Khan – legal and ethical concerns to justify your investigation.

On Friday, November 19, 2021, the Austrian Parliament decided to introduce compulsory vaccination for all Austrians starting February 1, 2022, under threat of a fine or imprisonment. Other countries are already following suit; the German dictator Soeder is in a hurry to introduce compulsory vaccination already from January 1st. Despite the known and apparent dangers to health and life itself, the so-called vaccination certificate (i.e., vaccine passport) is increasingly becoming a prerequisite for engaging in commerce and receiving medical assistance.

What in God's name is going on? How is it possible that European governments unrestrainedly reject the lawful parliamentary resolution of the Council of Europe? Council Resolution 2361(2021) sec. 7.3 prohibits any pressure to be vaccinated and it prohibits discrimination of all those who refuse the injection. Against the backdrop of the Halachic decision, this governmental disregard of life and liberty will result in Jews once again being marginalized, persecuted and destroyed in the name of science. A medical experiment enforced upon people against their will is reminiscent of Josef Mengele. These are the very practices that the Nuremberg Code prohibits.

We implore you, immediately stop the murders before more innocent people are killed. You have it in your hands to save mankind from failing again. You have it in your hands to help humanity prevail. Let the choice for life be yours.

People may forgive a mistake. But, not the deliberate murder of their children.

Yours sincerely,

We for Humanity

Attachment – Halachic Delineation

By the grace of the Alm-ghty
26th of Marcheshvan, 5782
November 1, '21

Official translation of Halachic delineation

rendered and signed on the 22nd of Marcheshvan (after hearing eight hours of testimony from experts and other witnesses), with partial additional elaboration:

We the undersigned convened together to render judgment regarding the new "Covid 19 vaccine" (which we shall henceforth refer to as "injection", "vaccine", or "mRNA", although our intention is to include the "Adenoviral vector DNA" vaccine as well), and we heard testimonies from experts whose expertise is in this field. We also heard from doctors who invented and manufactured the mRNA, who testified as to its function (most doctors in medical practice are not experts in these matters at all, and from our experience and as is well-known, they merely relate the information provided to them by the NIH, CDC, etc.). They illustrated to us the profound danger and harm inherent in this new technology. They showed us how the governmental agencies and the pharmaceutical companies deny this fact, and how they conceal the data, making it so difficult for the public to realize the severe adverse reactions and mortalities that have befallen so many people who received the injection. We were also made privy to how they withhold the said information through various means, preventing the injuries and deaths from being publicized by the media or on the internet, as known.

We also heard testimonies from our fellow Jews who suffered injuries, and even worse Heaven forbid, and also how this injection is harmful to procreation and fertility. And most importantly – we heard how there are tested and simple medications that have been successful in treating this disease, yet the governmental agencies have denied this, and even outlawed the said medications, doing everything they can to promote fear, not health – despite the fact that they have themselves were aware that these medications work.

And now they have approved the mRNA for children as well – for whom it is universally known and is excepted fact that the disease presents no risk of danger – and their intention is to mandate the injection for children as a requisite for attending yeshivas and religious girls' schools, Heaven forbid.

The evidence presented, which includes reports of injuries actually due to the vaccine, or reasonably suspected to be due to the vaccine, as well as scientific knowledge suggesting the vaccine will cause, or may reasonably be suspected to cause harm (until proven to the contrary by adequate testing), provides a level of concern that exceeds Halachic standards.

Therefore, we hereby express our rabbinic decision, as per the teachings of our holy Torah – a definitive Halachic ruling:

- 1) It is absolutely forbidden to administer or even to promote this injection to children, adolescents, young men or women; even if it means that they will not be permitted by the government to attend yeshiva or seminary or to study abroad, etc. It is an explicit obligation to protest against this mandate, and anyone who can prevent the injection from being forced upon our youth must do so, forthrightly and empathically.**

The above admonition is in addition to the otherwise Halachically reprehensible nature of the injection:

1) due to its Halachically problematic ingredients; 2) due to the fact that no one is liable for the possible damages caused by the injection, unlike most other contemporary medical treatments and therapies; and 3) because administering the injection to one's child assists the government in forcing other children to take it as well.

- 2) Much harm appears to be caused to pregnant women as a result of the injection (possibly due to the antibodies that the body develops against the protein called Syncytin-1, or from the SM102, or from the micro blood clots caused by the injection. The common denominator here is that it is harmful for a pregnant woman, and that it may be considered a violation of the prohibition of sterilization or preventing fertility). As such, it is forbidden for them to take this injection. Included in this are all healthy adults who are of child-bearing age – they too should stay away from the said injection. (There are many reports of women who do not stop bleeding for many months as a result of taking the injection, making it impossible for them to achieve ritual purity, Heaven forbid. And for men there are many reports of the injection leading to deficiencies in potency, Heaven forbid).**

Significant follow-up acknowledgment:

We have been advised that the product label for the Pfizer injection states "Available data on CORMINATY administered to pregnant women are insufficient to inform vaccine-associated risks in pregnancy." We have also been advised that the CDC is conducting studies where there is an "urgent need" to study the effect of the vaccines

in pregnancy. We have been further advised that the product label for the Pfizer vaccine states that it has "not been evaluated for the potential to cause carcinogenicity, genotoxicity, or impairment of male fertility". We consider that the risks inherent in these statements are Halachically unacceptable.

- 3) **For older adults and the elderly, further clarification is needed (but as mentioned above, there are efforts to obscure the data, and it is presently difficult to obtain accurate clarification). However, practically we have seen breakthrough cases, indicating that there is no substantial difference between those who received the mRNA and those who did not. The number of Covid patients are about the same, comparatively, in both demographics.**

It has also come to our attention, thanks to the testimony of an attorney who closely monitors the promulgation of misinformation, who showed us how to interpret the true reality and frequency of injuries and mortalities from the data being shared. It should be known that much of the data the government agencies report is deceitful. For example, a Covid death that occurs in a person after receiving the injection, if it happened within fourteen days of receiving the injection, is listed as an "unvaccinated" death. For the sake of brevity, we will not go into further particulars; but let it suffice to say that there are more examples of this gross misrepresentation. In order to ascertain the truth and arrive to accurate findings, we really must examine the matter further - to the best of our ability.

Alternatively, there are many injuries and risks involved which can reasonably be suspected as having been caused by the injection for adults and senior citizens as well, for we have witnessed many elders who passed away shortly after receiving the mRNA.

Therefore – it is best to err on the side of caution and abstain from taking the injection, rather than endangering one’s life by performing an action that can engender immediate and direct harm. Especially since there are other medical treatments that work, as mentioned, and that are not harmful.

(It is also proper to emphasize the importance of using the treatments very early, which has been shown to enhance their effectiveness. In addition, we cannot understate the importance of becoming more educated about the true facts – for example, but watching the testimonies – and in this way, assuaging the fear which has overtaken so many).

- 4) **We have heard testimonies from individuals and from experts in the medical field, suggesting that it may be dangerous for pregnant women to be around people who have had the injection. This can be due to a phenomenon called "shedding", as it pertains to some types of vaccinations and gene therapies as discussed in the FDA’s guidance on shedding from gene therapies. It is unclear whether it applies to the gene product only (the spike protein) or also to the genetic message (the mRNA or the adenoviral vector). It is unclear how long the shedding might be taking place – i.e. how long the recipient of the injection can affect a pregnant woman by being in her proximity. Hence, it is best to err on the side of caution – a minimum recommendation of distancing oneself from a pregnant woman for at least two weeks after receiving the injection is strongly suggested (also some have suggested that the effect may last up to ten months, or may even be indefinite).**
- 5) **The prohibition (Leviticus 19:14) of putting a stumbling block in front of a blind person – i.e. assisting or enabling a person to violate a transgression – includes verbal encouragement, offering monetary incentives or other bribes, verbal pressure or actual threats, to coerce employees, etc., to receive the mRNA.**

In all the above, we only taken into account the tragedies that have already befallen our community members – not long-term effects, premonitions and frightening forecasts expressed in many of the testimonies we heard. May the Alm-ghty save us. May the One who said "enough" when creating the world – say "enough" to our suffering.
